

HaultIt

**Make money -
Every day**

HaultIt is a complete Quoting, Dispatching and Billing solution built specifically for the Dump Truck Industry. Running your trucks is a complex business. Most of the time you're running on razor thin margins and you have little demand predictability. If you don't understand costs, how can you control them? Implementing HaultIt gives you real-time control of your costs to make sure you make money each and every day.

HaultIt and TrackIt - A powerful combination

Tracking vehicles gives you the ability to measure -

- dollar-per-hour profitability
- fuel usage
- odometer
- time on job

and other fleet performance data so you can understand if you are being profitable and how to get the most out of your equipment. Realize the full potential of HaultIt when combined with TrackIt.
