

## COMMANDconcrete Sales Reports (CC-SR)

---

**Description**      COMMANDconcrete's Sales Reports (CC-SR) module measures sales dollars, quantity, and average sales dollars per unit for various reporting levels.

---

**Features**

- Sales Reports—Shows sales (revenue and quantity) and sales-per-unit information by various plant-related combinations, such as plant, plant/product, product/plant, etc. User-defined reporting date ranges and summary levels can be selected, such as daily detail based on month-to-date, year-to-date, etc. The below fields are available to produce a report. Combinations are defined by the user and based on the configuration in the COMMANDexecutive database.
    - o Price plant code
    - o Price company code
    - o Ship plant code
    - o Ship company code
    - o Customer code (billing)
    - o Ship customer code
    - o Reference customer code
    - o Customer sort name (billing)
